Successful Reaccreditation

This past year, the Diocesan schools underwent the rigorous **reaccreditation** process to evaluate our leadership, learning and resource capacities. We are very proud to have successfully completed this evaluation, a challenging task under the best of circumstances, made even more arduous during the pandemic.

It's so much more than passing a one-time inspection...

*Why does
reaccreditation
even matter?*

- ✓ Gives our schools a shared framework to achieve measurable, meaningful improvement.
- ✓ Ensures progress toward our stated objectives.
- ✓ Helps education providers sustain commitments to better learner outcomes.
- ✓ Supports organizational effectiveness and improves student performance.

...we are consistently “moving the needle” on school quality.
